

1. Mark E. Orezam 美国 FLORIDA UNIVERSITY

课程题目：EIS fundamentals, including the measurement model program

2. Bernard Tribollet 法国 CNRS-Sorbonne Université

课程题目：Time-constant dispersion and CPE application

3. 王佳 中国海洋大学

课程题目：Simulation and modeling of Electrochemical Impedance Spectroscopy 电化学
阻抗谱模拟与建模

4. 张剑波 清华大学

课程题目：Characterization of electrochemical energy conversion and storage processes
using EIS
